WORK EXPERIENCE

● Full Stack Developer

HEXNINE TECHNOLOGIES   2022 Jan - present

My duties included working on both the front-end and back-end of web applications, as well as ensuring that the applications were compatible with multiple browsers and devices. I also provided support to users when needed.

Created more than five full-stack web applications which processed, analyzed, and visualized data for different clients.
Managed ongoing projects by training and supervising team members.
Ensure that applications are secure and that they can interact with multiple APIs and databases.
Supervise the creation and maintenance of new products, technical documentation, and workflows.
Collaborate with the app development team, including the project manager, developers, and quality assurance specialists, to identify problems, testing methods, and best practices.

Technologies used: laravel(php framework), backpack(laravel framework),vue js, mysql

● Full Stack Developer

FOXIOM LEADS PVT. LTD.   2020 Nov - 2022 Jan

I was responsible for developing and managing web applications and working with a team of developers to create new features and functionality. I also provided support to end users and troubleshot any issues that arose.

Create and deliver highly efficient application-based solutions to optimize the company's complaints handling process.
Managed time-sensitive updates, such as changing content and upgrading databases.
Completed all phases of planning, developing, and debugging web applications and software accurately.

Technologies used: Codeigniter(php framework), Html, css, js,vue js, mysql
